

Heavy Duty All-Purpose Cleaner

Find more information www.pakit.com • 1-866-MY PAKIT

Key Attributes

- Pre-measured portion PAK-IT®s each create 32 ounces of commercial strength Heavy Duty All Purpose degreaser. No need to cut, tear or open -simply drop one PAK-IT® into its matching color-coded quart trigger spray bottle and add water!
- Powerful heavy-duty formula cuts through grease and grime on all surfaces; ideal stainless steel cleaner for use on stoves, grills, sinks, ovens, fridges, freezers and commercial equipment.
- Create a RTU industrial strength degreaser in under two minutes at a fraction of the cost of traditional degreasers and all purpose cleaners.

DIRECTIONS: Simply drop one pre-measured purple Heavy Duty All Purpose Cleaner PAK-IT® into its matching purple quart trigger spray bottle (sold separately) and add water from a cold tap. Wait two minutes and shake. Adjust nozzle to mist setting and simply spray and wipe off with a clean microfiber cloth or ideally a paper towel. Non-aerosol, phosphate-free, ammonia-free formula still packs a serious punch making it both safe and effective on all surfaces.

Consequences of improper use or improper dilution: Improper use or improper dilution can result in damage to surfaces and increased risk of health effects.

MODO DE EMPLEO: Simplemente coloque un limpiador para trabajos pesados de uso múltiple PAK-IT® morado, que ya viene medido, en su correspondiente botella morada de un cuarto con atomizador (vendido por separado) y agregue agua fría de grifo. Espere dos minutos y agite. Ajuste la boquilla a la posición de rocío y simplemente rocíe y limpie con un paño limpio de microfibra o idealmente con una toalla de papel. La fórmula, a pesar de no contener aerosoles, fosfatos ni amoníaco, pega fuerte, lo que produce un limpiador seguro y eficaz para todas las superficies.

Las consecuencias de un uso indebido o de una dilución inadecuada: El uso incorrecto o la dilución inadecuada pueden causar daños a las superficies y aumentar el riesgo de los efectos sobre la salud.

Contains: Solvent, Nonionic Surfactants, Water, Fragrance and Dye

Contiene: Solvente, surfactantes no iónicos, agua, fragancia y colorante.
