Key Attributes

- Traction Pak is an extremely effective floor treatment for increased slip resistance.
- Regular use of this product keeps floors looking great every day and for longer periods, since the maintenance process is truly more uniformly effective and efficient.
- This product is ideal for high traffic public areas, where slip hazards exist.

For Floors: Sweep loose dirt from floor before use. Add 1 Traction pak per 5 gallons of water in a mop bucket for cleaning and buffing. Add 4 Traction paks to an auto scrubber reservoir & add water to fill line. (Coverage: 2,500-3,000 sq ft). Apply solution to surface and extract.
