Just Add Water!

DROP

Add pod to this 32 oz. bottle.

FILL

Add 32 oz. of tap water.

SHAKE

Wait 2 minutes* then shake.

Ready to Use

PAK-IT® Basin, Tub & Tile Bathroom Cleaner is an acid-based formula designed to tackle the toughest tile, grout, ceramic, and porcelain cleaning jobs. Repeated use guards surfaces against hard-water scale, mold, mildew, fungus, and lime & calcium buildup. Leaves bathrooms with a refreshing ocean scent.

PAK-IT® Limpiador de Baño para Lavamanos, Bañera y Azulejo es una fórmula a base de ácido diseñada para hacer frente a los trabajos de limpieza de azulejos, lechada, cerámica y porcelana más difíciles. El uso repetido protege las superficies contra incrustaciones de agua dura, moho, hongos y acumulación de cal y calcio. Deja los baños con un refrescante aroma a océano. Biodegradable y libre de fosfatos.

DIRECTIONS: TOILET BOWL AND URINAL CLEANING: Add one pod into a standard one-quart (32 oz.) trigger spray bottle. Add tap water up to the base of the bottle's neck. Wait two minutes* and then shake vigorously. Spray directly into the toilet bowl or urinal or onto bowl mop before swabbing.

BASIN, TUB, TILE & GROUT CLEANING: Mix dilution as directed above. Spray on surface to be cleaned, allow to work for 1 minute. Rub lightly. Wipe off excess product with a clean, dry paper towel or lint-free cloth.

INSTRUCCIONES: TAZA DE INODORO Y LIMPIEZA DE URINAL: Agregue una cápsula a una botella con atomizador de gatillo de un cuarto de galón (32 oz.). Agregue agua hasta la base del cuello de la botella. Espere dos minutos* y luego agite vigorosamente. Rocíe directamente en la taza del inodoro o urinario o en un trapeador antes de limpiar.

LAVAMANOS, BAÑERA, AZULEJOS Y LECHADA: Mezcle la dilución como se indica arriba. Rocíar sobre la superficie a limpiar, dejar actuar 1 minuto. Frote ligeramente. Limpie el exceso de producto con una toalla de papel limpia y seca o con un paño que no suelte pelusa.

*Solubility times may vary due to water temperature and/or mineral content. Tap water recommended.

This product meets Green Seal® Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging, and protective limits on VOCs and human & environmental toxicity. Non-aqueous liquids have alternate thresholds for acute toxicity, and added requirements. www.GreenSeal.org

READ AND UNDERSTAND LABEL AND SDS BEFORE USE.
KEEP OUT OF REACH OF CHILDREN AND PETS.

First-Aid Measures

IF ON SKIN: Remove contaminated clothing, and wash before re-use.

IF IN EYES: Immediately flush eyes with water for 15 minutes. Remove contact lenses if present, and easy to do so. Continue rinsing.

IF INHALED: If affected by breathing vapor, remove individual to fresh air. If breathing is difficult, get medical attention.

IF SWALLOWED: Contact physician or poison control center. Never give anything by mouth if the victim is unconscious. If conscious, rinse mouth. Induce vomiting only on the advice of a physician.

FOR COMMERCIAL & INDUSTRIAL USE ONLY: When handled and diluted as directed, resulting product is not considered hazardous and does not require personal protective equipment. To avoid damage to pod casing, do not handle with wet hands and keep away from water prior to use. Keep pods in a tightly closed container stored in a well-ventilated, cool, dry place. Avoid direct sunlight and extremes of temperatures and humidity. Do not store in unlabeled containers.

Bottle can be reused until damaged. Please recycle this bottle.

This product does not meet the criteria for classification in any hazard class according to regulation OSHA 29 CFR 1910.1200.

Contains: Proprietary Surfactant, Hydroxyacetic Acid, Glycerine, PVA Bitter Film, Fragrance, Dye
