PAK-IT® Autumn Fresh Deodorizer doesn't just cover odors—it attacks them at the source! It kills odor-causing bacteria and continues fighting odors long after its pleasant fragrance has dissipated. Its odor-fighting power is so strong it successfully deodorizes the worst offenders, such as garbage and trash sites, sewers, or wastewater treatment plants.

PAK-IT® Desodorizante de Aroma Otoño Fresco no solo cubre los olores, los ataca desde su origen! Mata las bacterias que causan los malos olores y continúa combatiendo los olores mucho después de que su agradable fragancia se haya disipado. Su poder para combatir los olores es tan fuerte que desodoriza con éxito los olores más desagradables, como basureros, alcantarillas o plantas de tratamiento de aguas residuales.

DIRECTIONS: Add one pod into a one-quart (32 oz.) trigger spray bottle. Add tap water up to the base of the bottle's neck. Wait two minutes* and then shake vigorously. Adjust nozzle to mist setting. Spray area liberally.
