Search Online "PAK-IT 5886"

Key Attributes

- Formulated to loosen food and grease deposits before dishwashing. Quickly cleans eating utensils and food service equipment. Significantly decreases the overuse of dish machine chemicals.
- Great for use on pots, pans, dishes, woks, glassware, silverware & other utensils.

Add 1 pak to 4 gallons of water. Agitate solution for maximum suds. Brush off loose debris from utensils and equipment before placing in sink. Soak items for 10-15 minutes or longer for tougher soils. Process through dish machine.
